TOM HARTLEY JNR

2008 BUGATTI Veyron

Black Blue Metallic with Dark Blue & Grey

SOLD

Mileage	14,744 miles	Engine Capacity	7993cc
Body Style	Coupe	Fuel	Petrol
Transmission	Automatic	Chassis No.	795141

A beautiful spec UK supplied vehicle thatâ€™s had only 1 registered owner from new, that owner being of British nobility. Additional features include sport-comfy seats and a QuickSilver sports exhaust (original exhaust still with the car). Last serviced in January 2018 and tyres replaced in August 2015, complete with its original owners manual/service booklet, spare key, speed key, PDA, battery conditioner and car cover. In addition, the car is offered with the most comprehensive history file weâ€™ve seen with a Veyron. This includes but is not limited to: a book documenting its build with photographs, its original invoice, pre-delivery inspection sheet, service invoices, old MOTs, a complete set of owners edition Ettore magazines numbered from 01 to 20, extensive model literature plus much more. Fantastic condition throughout and obvious upon inspection how well cared for itâ€™s been since new. 1 of only 252 examples ever produced and a car many agree has great future investment potential!
