Chassis 09041 was completed in September 1966 and it was finished in the highly attractive colour combination of Rosso Corsa over a Blue VM 3015 leather and cloth interior. It is 1 of only 12 of the very special 9000 series competition 275s ever produced, of which only 4 were configured in right-hand drive from new.

The car was restored by Ferrari Classiche between 2018 to 2021 and following which it was awarded 1st place in the Ferrari competition class at the Salon Privé Concours d'Élégance in September 2022, beating the likes of a 250 GTO and another Classiche restored 9000 series 275 GTB/C.

A full matching number example including its chassis, body, engine and transaxle as confirmed within its Ferrari 'Red Book' Classiche certification and it comes complete with 3 very well-documented history files.

Offered direct from the home of a Motorsport and Ferrari legend!
