Regarded as one of the most beautiful GT Ferraris of all-time.

One of onlyâ€€five Zagato bodied 250 GT Berlinetta TdFs ever made, of which only three were constructed with the iconic â€˜double bubble roofâ€™.

The only â€˜double bubbleâ€™ example to have covered headlights from new.

Fantastic period competition history which included the 1957 Italian GT Championship and a 6thâ€€overall and 2ndâ€€in class finish in the last everÂ Mille Miglia.

A full matching numbers example including its chassis, body, engine and gearbox.

Presented beautifully throughout in its 1957 Mille Miglia livery.

A multiple concours award winner and a phenomenal candidate for Best in Show at any of the worldâ€™s leading concours events.
