Driven by Nelson Piquet to pole position at the Dutch Grand Prix and to a second place finish at the Italian Grand Prix in the 1985 Formula One Championship season.

Piquet achieved three top-five finishes in this particular chassis along with a further sixth and eighth place finishes.

The BT54 was the last model in Formula One to use an aluminium outer skin.

Powered by BMW's M12/13 engine, which produced 850 bhp.

The model which achieved Brabham's last win in Formula One and which gave Pirelli their first Grand Prix win since the days
