The McLaren Senna LM is a limited edition, road legal homage to the Senna GTR, a fiercely focused track machine itself. Developed to celebrate McLarenâ€™s legendary Formula 1 champion Ayrton Senna and a tribute to McLaren's 1995 Le Mans victory.

The Senna LM distills race-bred technology into an uncompromising hypercar built for collectors who demand exclusivity and extreme performance. Powered by a 4.0 litre twin-turbocharged V8 engine producing 814 bhp, the LM delivers razor-sharp throttle response, lightning fast acceleration and acute handling thanks to its stripped-back weight and advanced aerodynamic engineering, it produces 25 bhp more than a standard Senna. It features a bespoke lightweight carbon fibre chassis and extensive MSO crafted visual and functional upgrades, the result is a brutal yet beautiful expression of McLarenâ€™s track DNA.
