The LaFerrari represents the pinnacle of Ferrariâ€™s innovation, featuring active aerodynamics, a carbon-fibre monocoque, and cutting-edge performance technology. Fitted with a 6.3 litre V12 engine with an F1-derived KERS electric motor that produces a staggering 950 bhp, accelerates from of 0-60 mph in just 2.6 seconds and boasts a top speed over 221 mph, the LaFerrari is both a technical masterpiece and a collectorâ€™s icon. It forms part of the legendary â€˜Holy Trinityâ€™ of hybrid hypercars, alongside the McLaren P1 and Porsche 918 Spyder.

This UK supplied example benefits from a special order specification and just 264 miles from new. Originally ordered by a noted Ferrari collector who specified the car in the very rare shade of Rosso F1 2007, a colour the Scuderia used on their Formula One cars in 2007. A full black leather interior with Rosso accents was also requested along with the following optional extras; front and rear suspension lift, lower part of vehicle in carbon fibre, carbon fibre rear fog light bezel, sports tailpipe tips, embroidered Cavallino emblem in Rosso on headrests, special stitching in Rosso, race telemetry kit, dedication

plate on lower part of steering wheel engraved with 'Saint George's Cross', Union Jack flag on dashboard, coloured stripe in Rosso Corsa on carbon fibre dashboard cross piece, hand-held fire extinguisher, integrated audio system, forged rims painted in Grigio Silverstone, black brake callipers, carbon fibre wheel centre caps, matt Cavallino on rear, anti-theft satellite system and full body paint protection film.

The car also boasts an excellent documented service history from new, with services carried out by official Ferrari service centres:

12th January 2016 â€" PDI â€" H.R. Owen Ferrari

26th January 2017 â€" 90 miles â€" H.R. Owen Ferrari

26th January 2018 â€" 104 miles â€" H.R. Owen Ferrari
