The Porsche 981 Boxster GTS delivers an impressive 330 bhp from its 3.4 litre naturally aspirated flat six engine, paired with a seven speed PDK dual clutch transmission. The GTS accelerates from 0â€"62 mph in just 4.6 seconds and reaches a top speed of 174 mph, offering the perfect balance between open top driving pleasure and dynamic performance.

The car features Porsche Active Suspension Management (PASM) as standard, which lowers the ride height and continuously adjusts damping for optimal comfort and control. Aerodynamic efficiency is enhanced through its sportier front apron, redesigned rear diffuser and active rear spoiler, which collectively improves stability at higher speeds while maintaining the sleek and timeless Boxster silhouette.

This exceptional single owner example benefits from an extensive list of factory options and features, including: Racing Yellow, Porsche dual clutch transmission (PDK), high gloss black GTS exterior package, sports exhaust system, Bi-Xenon
