Storm Grey with Carbon Black Leather

£SOLD

Mileage	951 miles	Engine Capacity	3799cc
Body Style	Coupe	Fuel	Hybrid
Transmission	Semi-automatic	Chassis No.	000231

The McLaren P1 is one of the most important performance cars of the modern era. Unveiled in 2012 as part of McLarenâ€™s Ultimate Series, the P1 represented a bold leap into hypercar territory and formed part of the revered 'Holy Trinity' of next-generation performance cars, alongside the Ferrari LaFerrari and Porsche 918 Spyder. This example is chassis number 231 of just 375 units produced worldwide, making the P1 not only the rarest of the three but also a true collectorâ€™s piece that showcases McLarenâ€™s cutting-edge technology and Formula One expertise.

Named after 'Position 1' in Formula One, the P1 reflects McLarenâ€™s ambition to lead both on the road and on the track. It is built around a lightweight carbon-fibre MonoCage chassis, weighing just 90 kg. The P1 delivers instantaneous electric torque combined with the intensity of an internal combustion engine. Its hybrid powertrain produces a combined 903 bhp (727 bhp from its twin-turbocharged V8 and 176 bhp from its electric motor), propelling it from 0â€"62 mph in just 2.8 seconds and on to a top speed of 217 mph.

To manage its immense power, the car features carbon ceramic brakes for outstanding stopping performance and active aerodynamics capable of producing up to 600 kg of downforce in Race mode. Each corner is controlled by McLarenâ€™s advanced Race Chassis Control system, which uses active dampers to continuously optimise handling and ride quality. Borrowing directly from Formula One technology, the P1 is also equipped with a Drag Reduction System (DRS), reducing rear wing drag to improve straight line speed.

This single owner, UK supplied example was specified from new with an extensive list of MSO features and factory options, that include but not limited to: MSO Storm Grey exterior paint, dashboard trimmed in carbon black leather, full leather Racing Design seats with carbon fibre seat backs, seat centres and bolsters trimmed in carbon black leather, carbon black leather steering wheel with carbon black stitching, matte carbon fibre centre dashboard, MSO satin carbon fibre instrument cluster bezel, carbon black leather fascia and door inserts, branded floor mats, fire extinguisher, Meridian Surround Sound System, Stealth Pack, Stealth badge set, MSO Storm Grey snorkel, visual carbon fibre rear wing, visual carbon fibre side exit ducts, gloss carbon fibre rear bumper, carbon fibre front splitter, carbon fibre side skirts, carbon fibre door mirrors and mirror arms, carbon fibre side air ducts, carbon fibre rear clam insert, carbon fibre side window trim, carbon ceramic brakes with black brake callipers, front and rear parking sensors, lightweight forged wheels in Stealth finish and gloss carbon fibre centre wheel caps.
