Marking a bold step into a new segment, Ferrari's all-new Purosangue combines the Italian marque's legendary performance and emotion with it being the first of the Prancing Horse's four-door, four-seater cars. Closely linked to the Ferrari identity are its fabled V12 engines, which were responsible for much of Maranelloâ€™s early racing successes. The Purosangue shares the rich heritage of this Ferrari evolution with its V12 engine combining a completely unique performance and character profile amongst its peers. Having arrived to much anticipation, its sleek and aerodynamic design maintains Ferrari's unmistakable aesthetically pleasing shape and it positions the Purosangue both as a marvel of engineering and as a statement of style and exclusivity.

This particular example is UK supplied and VAT qualifying. It benefits from a huge list of factory optional extras and features, including: Panoramic glass roof, Classic paint finish, carbon fibre instrument cluster, carbon fibre steering wheel with LEDs and heated, carbon fibre door panel trims, carbon fibre upper tunnel trim, front and rear seating with massage and ventilation,
