GT Silver with Black Leather & Alcantara

£SOLD

Mileage	15,327 miles	Engine Capacity	3996cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	165125

The 2017 Porsche 911 GT3 (991.2) represents the definitive evolution of Porscheâ€™s modern GT3 formula. Powered by a 4.0-litre naturally aspirated flat-six producing 500 bhp and revving to an intoxicating 9,000 rpm, it delivers exceptional throttle response and performance.

Building on the foundations of the 991.1, the 991.2 introduced a number of meaningful refinements that elevated the GT3 experience even further. Most notably, the 4.0-litre engine marked a return to larger displacement, offering sharper throttle response, greater mid-range punch and an even more visceral soundtrack. Subtle chassis revisions and recalibrated rear-wheel steering enhance agility at lower speeds while delivering outstanding stability and composure when driven hard. The steering remains richly communicative, the front end feels surgically precise, and the car flows beautifully through fast corners with total confidence.
