Agate Grey with Black Leather

£SOLD

Mileage	34,469 miles	Engine Capacity	3800cc
Body Style	Coupe	Fuel	Petrol
Transmission	PDK	Chassis No.	161853

The 991.1 Turbo S sits at a really interesting point in 911 history, itâ€™s where Porsche perfected the â€œusable supercarâ€ formula before things became more digital and complex in later generations.

At its core, it uses a 3.8 litre twin turbocharged flat six engine, producing 560 bhp, paired with Porscheâ€™s PDK dual clutch gearbox and an advanced all-wheel-drive system. What makes it stand out isnâ€™t just the power, but how effortlessly it deploys it, the car is brutally fast in a straight line, offering truly remarkable performance, with 0â€“62 mph achieved in just 2.9 seconds and a top speed of 198 mph. Yet incredibly secure and confidence inspiring in all conditions, thanks to Porsche Traction Management (PTM) and rear-axle steering. The Porsche 911 Turbo S Coupe is widely regarded as one of the most complete performance cars of its era, combining performance with everyday usability.

Presented in one of the most desirable colour combinations and benefits from a huge list of factory options that include:

Tom Hartley Jnr, Tadmarton Heath Road, Hook Norton, Oxfordshire OX15 5DD
