

2025 PORSCHE 911 Targa 4 GTS
GT Silver with Slate Grey
£145,000

Mileage	10,393 miles	Engine Capacity	3591cc
Body Style	Targa	Fuel	Petrol
Transmission	PDK	Chassis No.	254106

The 911 Targa masterfully blends legendary design with cutting edge engineering. Introducing Porsche's T-Hybrid technology, this latest generation 992.2 Targa 4 GTS delivers an even more exhilarating driving experience while preserving the unmistakable character that has defined the 911 for over six decades.

Powered by an all new 3.6-litre flat-six engine, combined with an electric exhaust turbocharger and an integrated electric motor, the car produces a remarkable 541 PS and 610 Nm of combined torque. Paired exclusively with Porsche's acclaimed eight-speed PDK transmission and all-wheel drive, it accelerates from 0-62 mph in just 3.1 seconds before reaching a top speed of 194 mph.

Instantly recognisable by its iconic Targa bar, wraparound rear glass, and fully automatic retractable roof system, the Targa remains one of the most distinctive and desirable models in the 911 range. Striking the perfect balance between open-air

TOM HARTLEY JNR

grand touring and true sports car performance, it is one of the most accomplished and sought-after modern Porsches. Combining timeless styling with exceptional engineering, it stands as the benchmark for open-top sporting luxury.
