2012 Salon PrivÃ© concours winning car, one of the last F40s ever produced, delivered new with adjustable suspension, this is a very special F40 indeed. Only 1 Italian owner from new before coming into our ownership. One of the few F40s with all the original factory markings such as the codes on the suspension arms plus the visible Kevlar weave on parts of the bodywork. Since our purchase the car has been totally recommissioned by Graypaul Ferrari including new fuel cells, service, cambelts plus any other items that was reported. We were very pleased to hear Graypaulâ€™s report of it being the best F40 they have ever had the pleasure of working on, it comes complete with its original books, wallet, tool kit, car cover and tyre canister, we have no doubt this is the very best F40 available anywhere in the world today!
