1 of only 400 Heritage Editions ever produced. To celebrate 67 years of production and the conclusion of the 'Defender', Land Rover built a limited number of Heritage Editions which have many special features including the Grasmere Green paint-a colour scheme determined by a surplus of military paint, a black square on the wing with white letters that read HUE 166, the registration of the first pre-production Series Land Rover, one of the many neat touches you'll find on the Heritage edition. Other features include but not limited to the classic 'Â€Â˜lightning bolt'Â€Â™ Land Rover badge, the heritage-style grille, mudflaps, body colour wheels, white roof, and headlamps. Produced in both Station Wagon and Hardtop form with the rarest variant being the Hardtop like the one we are offering here. A U.K. supplied vehicle that's only covered 80 miles, one for sure to pack away for the future!
