The â€˜Swarovskiâ€™ F40. Itâ€™s very hard to describe how good this particular car is, delivered new to Christian Schwemberger-Swarovski through the Austrian Ferrari dealer Wolfgang Denzel in May 1990. Mr Swarovski would own the car until late 1997 at which time the car was sold to the second and final owner, another Austrian businessman. With unbroken provenance from new, supported by a fantastic history file and complete with its original handbooks including the warranty/service supplement plus its spare keys. Itâ€™s totally original throughout, never been subject to any accident damage and the bodywork is as good as an F40 gets, with not just the weave evident on all panels but the factory markings still in place. F40s like this are very hard to come by, itâ€™s a very special car that deserves a very special home.
