

TOM HARTLEY JNR

**1973 FERRARI Dino 246 GT**  
**Argento Auteuil with Dark Blue**  
**£SOLD**

Mileage	18,814 miles	Engine Capacity	2418cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	06184

One of only 488 UK right-hand drive examples ever produced and one of the most original still existing.

Finished in its original colour combination of Argento Auteuil 106 E-1 over Dark Blue VM 3282 Connolly leather interior which it still retains today and which presents incredibly well. Only 18,884 miles from new and complete with its original handbooks including its warranty card, pouch and well documented history file.

It's very rare to see a Dino as original as the car we present here. It's had very few owners from new with the last owning it for some 28 years and apart from the fact it's never been totally apart or restored, it still retains its full original interior including the 'lead seal' around the steering wheel which were fitted to all examples before leaving the factory.
