| Body Style | Targa | Fuel | Petrol |
| Transmission | Manual | Chassis No. | 05024 |

A left-hand drive example that was delivered new to North America, leaving the factory in the very rare and attractive colour combination of Rosso Rubino over a full beige leather interior. The car was also specified with the factory optional extras of electric windows, air conditioning and a full leather interior.

Restored in recent years, at which time the car was fitted with Daytona seats and refinished in the stunning colour of Giallo Fly over black leather. On completion the car was awarded its Ferrari â€˜Red Bookâ€™ Classiche certification, confirming it still retains its original chassis, body, engine and gearbox.

Since the carâ€™s import into the UK, it has been under single ownership and serviced regularly by an official Ferrari service centre. The last detailed service was carried out in June 2022, less than 60 km ago.

Presented today in excellent condition throughout, complete with a dedicated history file containing all UK service invoices,

Ferrari â€˜Red Bookâ€™ Classiche certification binder, Dino leather pouch with operating, maintenance and service books, spare parts catalogue, dealership directory and delivery form. The car is also offered complete with a jack, wheel chock and spare wheel.
