£SOLD

Mileage	4,862 miles	Engine Capacity	2996cc
Body Style	SUV	Fuel	Petrol
Transmission	Automatic	Chassis No.	007144

Land Rovers have always been renowned for plenty of features; practicality, out of the box off-road abilities, style factor, ease of maintenance, adventure, safety, lack of depreciation and many more. The new Range Rover isÂ a brilliant all-rounder, it boasts outstanding levels of luxury, cutting-edge technology, and provides its drivers with an impressive experience.

The 3.0 litre V6 petrol powered P400 version has 400bhp, it can accelerate from 0-60mph in 6.1 seconds before moving on to a top speed of 150mph, more than enough power to shift its Long wheelbase along! And the cars overall design is now slicker with less of the familiar â€˜boxyâ€™ Land Rover appearance.

Along with a multitude of factory features as standard such as; flush deplorable door handles, soft close doors, perforated leather seating, soft grain leather steering wheel, heated steering wheel, the latest Pivi Pro touch screen (larger than the previous generation and Land Rovers most intuitive infotainment system yet), 20-way heated electric front seats, heated rear
