The Carrera GT was Porsche's first mid-engine supercar and boasts a Formula 1 derived four-cam V10 engine. In total,1,270 examples were produced but only 49 of those were built for the UK market, such as this particular example.

Our rare UK supplied example is car number 1175 and it was commissioned in the highly desirable colour combination of Basalt Black over a Natural Dark Grey leather interior. It was specified new with the optional extras of carbon fibre drivers zone (only available on the very last cars), fitted luggage, Porsche Pro CD/Radio and air conditioning.

It boasts an excellent service history from new with all services carried out by Porsche Central Operations, Reading as detailed below:
