The Ferrari F12tdf is a machine born from Maranelloâ€™s most uncompromising philosophy, a front engined V12 taken to its absolute limits. Developed as a modern homage to the legendary Tour de France racers, the tdf strips away unnecessary refinement in favour of pure, unfiltered performance. Produced in limited numbers, it stands as one of the most exclusive modern Ferraris, combining a ferocious 6.3 litre naturally aspirated V12 with a focused, lightweight design. The result is a car defined not only by its intensity, but also by its rarity.

Our example is an exceptionally specified car, benefiting from features and factory options that include but not limited to; non-standard exterior paint in Â¾ layered Grigio Titanio Opaco that is complimented by a special racing livery in Grigio Silverstone and Argento Nurburgring Opaco, carbon fibre racing seats, Nera Alcantara trim, special interior stitching in Grigio Scuro, Cavallino emblem stitching to headrests in Grigio Scuro, luggage compartment sill protector in carbon fibre, passenger display, integrated audio system, Bianco rev counter, front and rear suspension lifter, adaptive front headlight system (AFS),

front and rear parking camera, carbon fibre under door trim, carbon fibre headlamp surrounds, carbon fibre rear fog light bezel, body colour exterior rear view mirrors, Titanium tailpipe tips, brake callipers finished in Aluminium, 20″ forged matte black wheels, dedication plate plus high emotion low emission (HELE) and full PPF.

The car also boasts an excellent documented service history from new, with services carried out by official Ferrari service centres throughout:

2018 August, 86 miles – Meridien Modena Ferrari

2019 July, 685 miles – Joe Macari Ferrari

2020 September, 711 miles – Joe Macari Ferrari

2021 October, 770 miles – Joe Macari Ferrari

2022 October, 838 miles – H.R. Owen Ferrari
