Rosso Corsa with Rosso Ferrari leather with Giallo Accents

£SOLD

Mileage	185 miles	Engine Capacity	6496cc
Body Style	Targa	Fuel	Petrol
Transmission	Semi-automatic	Chassis No.	288430

Created to celebrate some of the most evocative cars and moments in Ferrariâ€™s history, the Daytona SP3 takes its inspiration from the legendary sports prototypes of the 1960s and, in particular, Ferrariâ€™s extraordinary 1-2-3 finish at the 1967 24 Hours of Daytona. The Daytona SP3 combines this rich motorsport heritage with some of Ferrariâ€™s most advanced modern engineering. Its dramatic bodywork draws heavily upon Ferrariâ€™s celebrated sports-racing prototypes, with its wraparound windscreen, sculpted front wings, prominent rear haunches and distinctive horizontal rear strakes creating one of the most striking Ferrari designs of the modern era. Beneath the bodywork sits a carbon-fibre monocoque, while the removable targa-style roof further emphasises the carâ€™s connection to the open sports prototypes that inspired it.

At its heart is a 6.5-litre naturally aspirated V12, mounted in a mid-rear configuration and producing 840 cv at 9,250 rpm, with a maximum engine speed of 9,500 rpm. Power is delivered through Ferrariâ€™s seven-speed dual-clutch transmission,

enabling the Daytona SP3 to accelerate from 0â€“62 mph in just 2.85 seconds, reach 124 mph in 7.4 seconds and continue to a top speed in excess of 211 mph.

Production of the Daytona SP3 was limited to 599 examples, reinforcing its position among Ferrariâ€™s most exclusive modern creations. More than simply a celebration of the marqueâ€™s past, the Daytona SP3 brings together Ferrariâ€™s racing heritage, naturally aspirated V12 engineering and modern design in one of the most significant limited-production Ferraris of its generation.

This particular example benefits from a very special specification. The car was ordered in classic Rosso Corsa, along with the following factory features and optional extras: livery in Blu Tour de France and Giallo Modena, carbon fibre hardtop, carbon fibre lower bodywork, front and rear suspension lift, carbon fibre exterior mirrors, airbrushed Scuderia Ferrari shields, Giallo Modena brake calipers, 20â€³ front and 21â€³ rear forged wheels, full LED headlights with self-levelling function, AFS (Advanced Front Lighting System), LED daytime running lights and indicators, front and rear parking cameras, digital rear-view mirror, carbon fibre steering wheel with LEDs, racing carbon fibre seats, Rosso Ferrari leather interior, Giallo leather seat piping, Giallo seat belts, Cavallino emblems embroidered on the headrests in Giallo, special stitching in Giallo, steering wheel finished in Rosso Ferrari, Race Manettino, keyless entry and start and an anti-theft system.

Indistinguishable from new condition throughout and offered complete with its original handbooks including the warranty/service supplement, leather pouch, spare key, Ferrari â€˜Yellow Bookâ€™ exclusively issued to Ferrariâ€™s limited-series models, tool roll, roof pouch, foldable roof with soft pouch, car cover and its dedicated history file.

A very rare opportunity to purchase a physical example and a car that can be supplied Tax Free for an Export Sale.
