TOM HARTLEY JNR

2018 FERRARI LaFerrari Aperta

Rosso Corsa with Nero Leather & Alcantara with Rosso Details

£SOLD

Mileage	987 miles	Engine Capacity	6262cc
Body Style	Targa	Fuel	Hybrid
Transmission	Semi-automatic	Chassis No.	229453

One of 210 LaFerrari Apertas ever built and specially commissioned by former Ferrari Chairman & CEO Sergio Marchionne for a highly influential person in Motorsport.

Believed to be the last example produced, it was delivered new with an extensive specification that includes a carbon fibre removable hardtop, carbon fibre rear fog lamp, carbon fibre wheel caps, carbon fibre exterior mirrors, visible carbon fibre lower exterior sections, matt black sports exhaust pipes, 20-inch matt black forged wheels, Rosso Corsa brake calipers and a front suspension lifter. The Nero leather and Alcantara interior features Rosso details, prancing horses embroidered onto the headrests in Nero, large seat cushions, an integrated audio system with navigation and a Navtrak anti-theft system.

With fewer than 1,000 miles covered from new, this example represents a rare opportunity to acquire one of these special cars and benefits from exceptional provenance and maintenance history, as further detailed below.

Tom Hartley Jnr, Tadmarton Heath Road, Hook Norton, Oxfordshire OX15 5DD
