Mileage	9,700 miles	Engine Capacity	4390cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	17741

Only 387 were ever built, this being 1 of only 58 RHD cars, it has incredible history with the first owner being the legendary Sir Elton John, who ordered it in Rosso Bordeaux 20-R-351 with Beige VM 3234 leather interior. The optional extras included air conditioning, a radio, tool kit and five alloy wheels. The carâ€™s history file includes MOTs dating back to 1977, right through to today. It has been stored in a dehumidified environment since 1981 and following our purchase we have had a major engine out service carried out, including replacement of the cambelts, camshaft oil seals, tensioner bearings and more. Whilst the engine block was removed it was totally detailed back to its â€˜as new conditionâ€™, along with detailing of the engine bay, suspension, exhaust and alloy wheels. The bodywork is faultless with no dents, scratches or corrosion. It has only covered 9,600 miles from new and still possess its original tyres. It comes complete with its original factory and dealer invoice, original tool kit, spare keys, spare wheel. This has to be one of the very best 365 Boxers in existence, with huge potential for future
