TOM HARTLEY JNR

1988 DE TOMASO Longchamp GTSE

Metallic Brown with Cream Leather

£64,950

Mileage	861 miles	Engine Capacity	5769cc
Body Style	Coupe	Fuel	Petrol
Transmission	Automatic	Chassis No.	03263

One of only 7 Longchamp GTSEs ever built and only covered a mere 1,394km from new. The Longchamp was designed by Tom Tjaarda of Ghia and was influenced by his previous Lancia Marica prototype. It featured a 5769cc Ford Cleveland V8 engine producing a claimed 330BHP, fully independent suspension, vented disc brakes and very fittingly Campagnolo alloy wheels. This particular example has been upgraded to a 4 Speed automatic gearbox and had its engine recently re-built by a leading marque specialist. A real time warp example of this very rare and quirky model, what car represents the retro era better!
