As part of the continued celebrations for the 50th anniversary of McLaren, a commemorative model was produced, celebrating five decades of race-winning technology and expertise of the British brand. Production of the McLaren 50 12C was restricted to 100 Globally, split between just 50 examples of the 12C and 50 of the 12C Spider. Featuring a number of bespoke styling and specification enhancements to mark the milestone event. These were produced by McLaren Special Operations (MSO), the division of McLaren Automotive responsible for the delivery of bespoke projects, in conjunction with the McLaren Automotive design team lead by Design Director, Frank Stephenson. The special edition featured a new part-carbon front bumper that boosted downforce, carbon ceramic brakes and lightweight wheels finished in satin black. The cabin carried a special anniversary plate to celebrate the anniversary. Each car was delivered with a black and silver car cover, a unique key and a specially commissioned print signed by Frank Stephenson, all of which are still with this car today. On top of this very special spec, the car we are offering here has a host of other extras that include a Sports Exhaust, Stealth Pack,

Carbon Fibre Interior Upgrade, Carbon Fibre Rear Diffuser, Carbon Fibre Mirrors, Contrasting Stitching on Dashboard, Electric & Heated Memory Seats, Iris Upgrade with Satellite Navigation & Meridian Sound System, Lifting Gear, Front & Rear Parking Sensors, MSO Alcantara Rimmed Steering Wheel, Tyre Pressure Monitoring System, cost over Â£250,000 new, 1 owner, UK supplied, Amazing Value!
