Pearl White & Carbon with Black Leather & Alcantara

SOLD

Mileage	300 miles	Engine Capacity	7300cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	76107

This Pagani Cinque is number 2 of only 5 worldwide and built with the following specification choice by Horacio Pagani himself: sequential gearbox, carbon ceramic brakes, lifting system, Inconel exhaust system, ceramic coating, racing seat belts, chassis in carbon titanium, extra roll bar, upgraded rear spoiler, upgraded side-front skirts, improved air intake system, roof in natural carbon fibre, Monolock wheel with Zonda R Design, special body paint finish in Pearl White and Carbon, special interior in leather and Alcantara. This instantly recognizable supercar, created to meet the demand of five wealthy enthusiasts, is a genuine work of art intended for road use. Built to meet the highest racetrack performance standards, the Pagani team also uses the same know-how and engineering solutions previously applied to the Zonda R, very rare being 1 of only 5 and it is the only Cinque in Europe!
