A fantastic opportunity to acquire a very original and unique spec 959 Komfort, Porsche'sÂ 'tour de force' supercar.

Believed to be the only example ever produced in Grand Prix White with Can-Can Red leather, a 'Colour to Sample' choice as stated on its Certificate of Authenticity and Letter of Origin. Only 2 owners from new and still complete with its original service book, owners manual, leather wallet, cassette tape (which was given to all the first owners), spare key, plus all original matching leather cases which include; the tool kit roll including white gloves, hazard triangle, jack, wheel wrench and multiplier.

We previously sold this car in 2014 to the then second owner, at which time it joined his renowned Porsche collection. It has barely been driven in recent years and is offered for sale fresh from a major service at Porsche Reading, the only official 959 service centre in the UK.
