Mileage	48,314 miles	Engine Capacity	2460cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	02816

One of only 488 UK right-hand drive Dino 246 GTs ever produced.

Chassis #02816 is a very early 'E' series car, and because of such it retains many desirable design features from the 'L' and 'M' series Dinos, plus benefits from the more improved gearbox of the 'E' series.

Delivered new in October 1971 in Rosso Chiaro over Black interior with the optional extra of electric windows, as detailed on the original invoice, a copy of which is within the accompanied history file.

Restored to a very high standard by Maranello Concessionaires in the early 90s and still presents very well throughout.

The car is complete with two comprehensive history files, a workshop manual, jack and tool roll.
