Black with Black Leather with Grey Leather inserts

£SOLD

Mileage	50,167 miles	Engine Capacity	3746cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	390519

This highly desirable 911 Carrera RS (MOO2) also referred to as 'Strasse' or 'Road' specification was supplied new via Porsche Stuttgart on the 16th October 1995. Specified with the following factory options: air conditioning, sport seats, driver and passenger air bags, electric windows, radio preparation, dome strut and top tint windscreen.

Our car benefits from a complete documented service history and a handful of owners from new. Since our acquisition, we immediately sent the car back to the renowned Porsche Classic Service Centre in Stuttgart, entrusting them to carry out a vehicle health check, a major service, mechanical preparation and anything else required to give peace of mind to its next custodian.

This car is presented in an excellent condition throughout and comes complete with its handbooks including the all important guarantee and maintenance supplement, leather pouch, spare keys and a highly documented history file.
