TOM HARTLEY JNR

1973 PORSCHE 911S 2.4 Coupe

Silver Metallic with Black and Houndstooth Interior

£SOLD

Mileage	N/A miles	Engine Capacity	2341cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	300921

Beautifully restored throughout and a matching number example that is finished in its original colour combination of Silver Metallic over a Black and Houndstooth interior. Delivered new in March 1973 with a host of optional extras including a heated rear screen and an electric sliding roof.

Totally restored by model specialists circa 10 years ago, at which time the car was taken back to a bare shell and finished to an exceptionally high level. Very little use since but the previous owner wasn't totally happy with the performance so the engine was entrusted to marque experts Autofarm for a complete rebuild in 2022, following which the car has covered less than 800 miles.

We have previously sold this car on a couple of occasions, so accordingly know it extremely well. It's one of the finest we've ever handled and is offered complete with handbooks, a pouch, spare keys, tool roll and dedicated history file.
