MSO Volcano Red with Carbon Black Alcantara

£SOLD

Mileage	5,633 miles	Engine Capacity	3944cc
Body Style	Coupe	Fuel	Petrol
Transmission	Automatic	Chassis No.	765750

The 765LT was a limited production supercar produced by McLaren and without doubt it stayed true to McLaren's DNA with its clear inheritance stemming from the legendary F1 GTR Longtail 'LT' in addition to its strong links between track and road cars.

In terms of performance the car is totally breathtaking, its 4.0 litre twin-turbo V8 produces an impressive 755bhp and 800Nm of torque, it is capable of a 0 to 62mph in just 2.8 seconds and a top speed of 205mph! Its engine has key components finished in a Diamond light coating taken from the P1 and a three-layer head gasket as per the McLaren Senna. While it shares some characteristics with the regular 720S, the result is a car that is slightly longer, considerably lighter and intentionally more committed.

This car is a late production example being number 750 of the 765 examples ever produced worldwide. Believed to be just 1

of only 60 UK right-hand drive supplied coupÃ©s, it was ordered new with a host of factory features and optional extras that include; MSO defined exterior paint, super lightweight Alcantara carbon black P1 style racing seats with black stitch, adjustable passenger seat, red seat belts, steering wheel finish in Alcantara with carbon trim, steering wheel paddles in carbon fibre, central tunnel in carbon fibre, door inserts in carbon fibre, 12-speaker audio system, 360Â° degree park assist, front and rear parking sensors, rear parking camera, suspension lift, sill panel in carpet trim, adjustable steering column, soft close doors, storage bins with net, branded floor mats, tyre pressuring monitoring system and McLaren track telemetry app. Black gloss to roof, exterior mirrors, hood air intakes, front splitter, front number plate plinth, front air intake, front fender louvers, door hinge covers, rear fender air intakes, rear diffuser, rear lower bumper, side skirts and door wiglet. Rear spoiler in body colour, tailgate glazing privacy glass, engine window double glazed, black pack to window surrounds, carbon ceramic brakes, 10 spoke ultra-lightweight forged alloy wheels with diamond cut laser etched, black callipers with silver logo, titanium exhaust and a security tracking system.

Presented in â€˜as newâ€™ condition throughout and complete with its handbooks including the service/warranty supplement, spare key, car cover, battery conditioner, first aid kit, warning triangle and a dedicated history file.
