TOM HARTLEY JNR

1956 Lancia-Ferrari
£SOLD

Mileage	N/A miles	Engine Capacity	2485cc
Body Style	Formula-1 Car	Fuel	Petrol
Transmission	Manual	Chassis No.	LF1

Included in the sale of the Ecclestone Grand Prix Collection.

One of only two examples produced using original factory drawings and fitted with an original D50 engine and transaxle.

Chassis and body constructed by model expert Guido Rosani and the drivetrain installed by Jim Stokes Workshops.

The recreation of a Formula One World Championship winning icon from the glory days of racing that had been consigned to the history books.

Completed for Bernie Ecclestone and has remained within the Collection ever since.

Eligible for some of the world's very best motoring events, including the Goodwood Revival.
