£SOLD

Mileage	10,522 miles	Engine Capacity	6064cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	048009

The McLaren F1 is the greatest supercar of all time. It was designed and built by some of the finest minds of the day and incorporated the absolute precision of Formula 1 to create a machine that had no equal. At the time of its launch, the model was met with great acclaim and the positive public perception has only increased over the years, with it becoming one of the most celebrated sports cars to have ever been produced.

Chassis 009 was the 8th of just 64 examples built and it was the only McLaren F1 to be delivered new to Australia. The car benefits from just 16,900 km and two owners from new including single ownership for the last two decades.

It is offered fresh from a major service carried out by McLaren Special Operations and comes complete with all its factory-delivered F1 accessories, including its leather-cased ownerâ€™s handbook, the original luggage set, Facom garage tool chest, original tool roll and in addition a leather-bound limited-edition copy of â€˜Driving Ambitionâ€™, the McLaren F1
