£SOLD

Mileage	65 miles	Engine Capacity	6496cc
Body Style	Coupe	Fuel	Petrol
Transmission	Semi-automatic	Chassis No.	284988

The Ferrari 812 Competizione marked the ultimate evolution of Ferrariâ€™s front-engined V12 berlinetta, elevating the already formidable 812 Superfast to extraordinary new heights of intensity and precision. Produced in strictly limited numbers, it represented the most focused and extreme expression of Ferrariâ€™s naturally aspirated V12 road car of its era.

Drawing upon over seven decades of motorsport heritage, the 812 Competizione fused race-derived engineering with advanced aerodynamics and purposeful design, delivering a truly exceptional blend of performance, theatre and driver engagement.

Powered by a 6.5-litre naturally aspirated V12 engine, screaming to a breathtaking 9,500 rpm, while paired with a 7-speed dual-clutch transmission, it produces a staggering 819 horsepower and 692 Nm of torque. This powerhouse launches from 0â€“60 mph in just 2.8 seconds, with a top speed exceeding 211 mph.
