Vanadium Grey Metallic with Black leather

£224,500

Mileage	66 miles	Engine Capacity	3996cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	278856

The Porsche 911 GT3 Touring (992.2) is the latest evolution of one of the most celebrated driverâ€™s cars ever produced, combining the unmistakable character of a naturally aspirated 4.0-litre flat-six with the purity of a six-speed manual gearbox. Refined for the 992.2 generation, Porsche has introduced subtle yet significant enhancements to the chassis, aerodynamics and driver engagement, resulting in an even sharper and more focused driving experience.

Producing 510hp and revving to 9,000rpm, the GT3 Touring delivers exceptional response, soundtrack and involvement, whilst revised gearing and suspension updates inspired by the 911 Sport Touring further enhance its already outstanding dynamics.

Our UK supplied example was specified from new with a huge list of features and optional extras, including: Porsche Ceramic Composite Brakes (PCCB), front axle-lift system, door entry guards in carbon, interior package in matte carbon fibre,
