The MINI Cooper has long been one of the most recognisable and enjoyable compact performance cars, combining its distinctive styling with engaging handling and excellent everyday usability.

This 2024 example is from the final production period of the highly successful F56 generation and is powered by a 2.0-litre turbocharged four-cylinder engine, producing 178 bhp and driving the front wheels through a 6-speed manual gearbox.

Our single-owner, VAT-qualifying example was specified with the following factory features and optional extras: Premium pack, Cloth/Leatherette Black Pearl upholstery, heated front seats, automatic air conditioning, DAB radio, Apple CarPlay, smartphone navigation projection, auto-dimming rear-view mirror, electrically folding door mirrors, roof and mirror caps in black, rear parking sensors, cruise control, Active Pedestrian Safety, Comfort Access, 17" Scissor Spoke two-tone alloy wheels and darkened rear glass.
