

TOM HARTLEY JNR

2008 BUGATTI Veyron Black Blue Metallic with Dark Blue & Grey

SOLD

Mileage	14,744 miles	Engine Capacity	7993cc
Body Style	Coupe	Fuel	Petrol
Transmission	Automatic	Chassis No.	795141

A beautiful spec UK supplied vehicle that's had only 1 registered owner from new, that owner being of British nobility. Additional features include sport-comfy seats and a QuickSilver sports exhaust (original exhaust still with the car). Last serviced in January 2018 and tyres replaced in August 2015, complete with its original owners manual/service booklet, spare key, speed key, PDA, battery conditioner and car cover. In addition, the car is offered with the most comprehensive history file we've seen with a Veyron. This includes but is not limited to: a book documenting its build with photographs, its original invoice, pre-delivery inspection sheet, service invoices, old MOTs, a complete set of owners edition Ettore magazines numbered from 01 to 20, extensive model literature plus much more. Fantastic condition throughout and obvious upon inspection how well cared for it's been since new. 1 of only 252 examples ever produced and a car many agree has great future investment potential!
