Rosso Corsa with Black Leather

SOLD

Mileage	7,932 miles	Engine Capacity	2855cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	54781

1 of only 272 examples ever produced. Delivered new to the founder of the Ferrari club of Germany who ordered both of the optional extras: electric windows and air conditioning, he also specified the full black leather seats. A very original example that's had only 4 previous owners from new including single ownership for the last 18 years. All of the 272 examples are special, a GTO is the most collectable and sought-after of all the Ferrari supercars, however the originality of this particular car makes it very special indeed.
