Car number 497 of only 500 examples ever produced worldwide and is believed to be 1 of only 20 UK supplied cars. The 'Exclusive Series' benefits from a host of upgrades and design enhancements over a normal Turbo S, from the lightweight construction utilising carbon fibre on several parts of the body including the bonnet, roof, front spoiler and rear wing. The power is increased by an extra 27bhp, it has a new rear diffuser, black stainless-steel exhaust tips, carbon fibre intake scoop, Ceramic brakes as standard with the calipers painted in high-gloss black and finished with a golden Porsche logo. In addition, the car we are offering here was specified new to the very highest spec possible, that included the highly desirable full carbon fibre wheels, front-axle lift system, HomeLinkÂ® (programmable garage door opener), storage net in front passenger foot well, seat belt buckles in leather, fuse box cover in leather and BurmesterÂ® High-End surround sound. Having had only 1 owner and covered just 1,282 miles from new, our car is presented in totally as new condition throughout and is complete with its original handbooks, leather wallet, spare key, indoor car cover, battery conditioner and history file.
