TOM HARTLEY JNR

2005 FORD GT

Black With Painted Stripe with Black

SOLD

Mileage	40 miles	Engine Capacity	5410cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	400177

This Ford GT is surely the very best example in existence, as it has never been registered, is showing only delivery miles, and is in the most desirable colour combination of Black with a painted Silver stripe. The car was ordered new with all four factory options available, the McIntosh sound system, lightweight forged wheels, grey-painted brake callipers, and painted racing stripes, and it comes complete with its original window sticker, production certificate, handbooks including the service book, a leather wallet, a spare key, a car cover, and battery conditioner. A Ford GT is extremely desirable, and the opportunity to own one in the ultimate specification that has never been used is a fantastic opportunity!
