TOM HARTLEY JNR

1972 FERRARI 365 GTB/4 DAYTONA

Dark Blue with Blue VM 3015 Leather

£SOLD

Mileage	29,515 miles	Engine Capacity	4390cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	14523

One of only 158 UK right-hand drive Daytonas ever produced and this particular example was supplied new through Maranello Concessionaires and delivered to its first ownerÂ Mr Douglas A Pierpont of Brighton, Sussex on the 1st of January 1972.

Originally specified in the striking Celeste Metallizzato over Blue VM 3015 Connolly leather interior, the car was also equipped from new with the desirable factory option of air conditioning, a rare and noteworthy feature on UK-delivered cars of this era.

Today the car still boasts a full matching number status including its chassis, body, engine and gearbox and is showing just over 29,515 miles, which is believed to be its total mileage from new and is supported by its highly documented history file.

In that history file is theÂ original factory order and new vehicle invoice along with various other correspondence dating back

to 1971.

More recently, the car has been upgraded with discreet EZ electric power steering, significantly enhancing usability and driving enjoyment, while remaining fully reversible for those seeking complete originality.

It is presented for sale in excellent condition throughout and fresh from service by leading UK marque service specialist Bob Houghton Ltd. This particular car offers the next custodian the opportunity to enjoy it 'as is' immediately or return it to its highly attractive original colour.

Exceptional value for money for such a fantastic example!
