£SOLD

Mileage	14 miles	Engine Capacity	3799cc
Body Style	Convertible	Fuel	Petrol
Transmission	Semi-automatic	Chassis No.	006260

A car that was produced in celebration of McLarenâ€™s historic Can-Am racing heritage, the 650S Can-Am is a rare, limited-edition hypercar that channels the spirit of 1970s motorsport into a modern supercar package. Built upon the 620S platform and limited to a select production run of only 50 cars, the Can-Am distinguishes itself through a striking motorsport-inspired aerodynamic and aesthetic upgrade, transforming it into a more visceral and track-focused machine.

Powering the 650S Can-Am is McLarenâ€™s proven 3.8 litre twin-turbocharged V8 engine, delivering 616 bhp and 630 Nm of torque that propels the car from 0 to 62 mph in just 2.9 seconds, reaching a top speed of 205 mph, combining ferocious acceleration with razor-sharp handling courtesy of its lightweight carbon fibre chassis and race-bred suspension setup.

This example features the bespokeÂ MSO exterior paint finish â€˜*Mansour Orangeâ€™*, theÂ carbon fibre exterior upgrade packÂ adds functional and visual lightness, including prominentÂ carbon fibre side intakesÂ and an aerodynamicÂ carbon

fibre diffuserÂ that underscores the carâ€™s racing pedigree and soft-close doors provide added refinement.

The interior is equipped with theÂ electric steering columnÂ for personalised ergonomics and a premiumÂ meridian surround sound system that blends performance with luxury. LightweightÂ carbon fibre seat backsÂ complement the purposeful interior, maintaining a focus on weight saving and driver engagement. Additional features include a fire extinguisher,Â warning triangle andÂ first aid kit.

This 650S Can-Am is a compelling collectorâ€™s piece that perfectly balances heritage with cutting-edge performance.

Currently located and taxes paid in Bahrain.
