The Mercedes-AMG CLE 53 is the latest expression of AMGâ€™s modern performance coupÃ©, blending everyday refinement with genuine sporting ability. Powered by an AMG-enhanced 3.0-litre turbocharged inline-six with 48-volt mild-hybrid assistance, it produces 449 bhp and up to 560 Nm delivered through AMG Performance 4MATIC+ all-wheel drive for effortless traction and pace. Performance is suitably serious, with 0â€“62 mph in as little as 4.2 seconds, making it a confident, rapid coupÃ© that still feels fully usable day to day.

The Night Edition stands out through its bold yet subtle design. Gloss-black AMG exterior details, dark styling accents and exclusive 20-inch AMG alloy wheels create a sleek, stealth-inspired look. It is a car designed to be elegant during the day and striking after dark.

This particular example represents the highest specification of the Mercedes-AMG CLE 53 range, combining the powerful

AMG performance powertrain with the exclusive Night Edition Premium Plus equipment technology.
