TOM HARTLEY JNR

1996 FERRARI F50

Yellow with Black Leather

SOLD

Mileage	N/A miles	Engine Capacity	4963cc
Body Style	Convertible	Fuel	Petrol
Transmission	Manual	Chassis No.	106535

1 of only 31 Yellow cars produced, Originally supplied through the Ferrari dealer in Verona Italy, The car has an unblemished history and comes complete with its original hard top, soft top, roll hoops, tonneau panel, flight case, tool kit, car cover, spare key and leather wallet. The service history is very thorough including a recent major service by a Ferrari dealer in the UK, which included the fuel tank being changed. It has been our view for some time that these cars are seriously undervalued and are due a 'jump' in price in the near future. Great investment opportunity!

Tom Hartley Jnr, Tadmarton Heath Road, Hook Norton, Oxfordshire OX15 5DD
