| Mileage | 15,573 miles | Engine Capacity | 5204cc |
| Body Style | Coupe | Fuel | Petrol |
| Transmission | Automatic | Chassis No. | LA09715 |

The MK2 Gallardo â€˜Superleggeraâ€™ was the lightest road-going Lamborghini of the range at that time and classed by Lamborghini as the sportiest and most purist Gallardo ever made. This particular example was ordered new in the super desirable Bianco Moncerus over a full black alcantara trim. Standard features of the ‘Superleggera’ included the 6-speed E-Gear (semi-automatic) gearbox, specific Superleggera sport setup, lift system, carbon fibre rear diffuser panels along with carbon undertray, carbon rear view mirror housing, carbon interior door panels, carbon central tunnel and engine cover also in carbon fibre. Lap time function, low rear wing, tool set and tyre repair kit. In addition, this car has optional extras that include; electric sports seats, Grigio Phoenix stitching and starlight detail, satellite navigation, park assist with rear view camera, I-Pod and USB interface, bluetooth setup, suede leather steering wheel, floor mats, transparent engine bonnet, black rims, matching black brake callipers. A UK supplied example from new and presented in fantastic condition throughout. Freshly serviced by Lamborghini Birmingham and complete with its original handbooks including the warranty/service
