Blu Pozzi with Blu Sterling

£SOLD

Mileage	1,493 miles	Engine Capacity	6262cc
Body Style	Coupe	Fuel	Petrol
Transmission	Semi-automatic	Chassis No.	226877

The Ferrari F12 Berlinetta is a front mid-engine grand tourer that represents the pinnacle of Ferrariâ€™s naturally aspirated V12 performance. Powered by a 6.3-litre V12 producing 730 horsepower, it launches from 0â€“62 mph in just 3.1 seconds and reaches a top speed over 211 mph. The F12 delivers exceptional handling and balance.

A UK supplied example that was ordered by and delivered new to rock legend and noted Ferrari enthusiast Chris Rea. His desire was to carefully choose a “Purist Specification”, but with the essential optional features added.

Those optional features include: Full electric seats, Carbon fibre steering wheel with LED display, Interior and exterior electrochromatic mirrors, cruise control, adaptive frontlight system, rear parking camera, tyre pressure measurement system, sports sill cover and Navtrak security system.

The car has only covered a mere 1,493 miles from new. Presented in a totally ‘as new’ condition throughout and complete

with its original books including the service/warranty supplement, car cover, battery conditioner and spare keys.
