Offered direct from the four-time Formula One World Champion Sebastian Vettel and the very finest example offered for sale anywhere.

Very few optional extras were available on these cars new but this particular car was specified with medium racing seats and Rosso instrument dials. Originally [and very fittingly] it was delivered new to Germany before being purchased by Sebastian and imported into Switzerland where it has remained ever since within his collection. The car also benefits from a fantastic service history from new and Ferrari 'Red Book' Classiche certification confirming it still retains its original chassis, body, engine and gearbox.

Located, registered and taxes paid in Switzerland it comes complete with its original handbooks including the very important service/warranty supplement, pouch, OEM torch, spare key, Ferrari car cover and history file.
