Blu Chiaro with Beige Connolly Leather

£SOLD

Mileage	N/A miles	Engine Capacity	4961cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	8459 SF

The Ferrari 500 Superfast was the last of the coachbuilt Ferrari coupÃ©s and was designed to satisfy their wealthiest and most discerning clientele. Only 36 examples were ever produced and of these a mere 8 were right-hand drive.

This particular example was sold new by Colonel Ronnie Hoare to Jack Durlacher, a highly successful London based stock broker and also a sponsor of Rob Walker's Formula 1 team. The car benefits from having very few owners from new and following our purchase in 2019, the car was sent to Brandoli for a total restoration, with the mechanics being entrusted to Bologna based Autofficina Sauro and the interior to Maieli. The result is nothing short of breathtaking, one of the finest restored GT Ferraris we have ever handled or seen.

Matching numbers, finished in its original colour combination throughout and ready to either be enjoyed or entered into any of the world's great concours events where we have no doubt it will collect some silverware!
