A truly unique car and the first definitive Bristol 404.

Utilised as a development car and later owned by Sir George Stanley Midelton White, the then Managing Director at Bristol cars.

1 of only 52 examples ever produced and developed in tandem with the highly successful Bristol 450 Le Mans cars.

Major works carried out in late 2021 by marque experts at a cost of Â£83,000.

A very eligible car for all the great motoring events.
