TOM HARTLEY JNR

1998 FERRARI F355 Spider

Nero Daytona Metallic with Black Leather

£SOLD

Mileage	8,164 miles	Engine Capacity	3496cc
Body Style	Convertible	Fuel	Petrol
Transmission	F1	Chassis No.	111221

One of only 139 UK supplied F1 transmission examples.

Delivered new to royalty by Maranello Sales Ltd on the 16th January 1998. Originally delivered in Argento NÃ¼rburgring before being changed to Nero Daytona at the personal request of its owner. Factory options included: Challenge grill and upgraded CD player, the audio has now been further upgraded to a Kenwood unit, although the original factory supplied audio equipment still accompanies the car today.

Prior to handover the car will receive an up-to-date cambelt service by marque specialists and it comes complete with its leather pouch, handbooks, tool kit, tyre inflator kit, spare keys with remote fobs, outdoor and indoor car covers plus a documented history file.

Itâ€™s very rare to find a low-mileage 355, a model that weâ€™re particularly fond of and believe has huge future potential.
